

Good day all

We just wanted to say a special thanks to all of you for your efforts on Monday that helped to make this event even more successful than last year. The quantity of compliments that we received from so many participants really says it all!

Your enthusiasm, friendliness, commitment and initiative were in evidence throughout the day. You were all so adept at interacting with participants and making them feel special. It was a great pleasure to work with you all on this event. We hope we can do it again next year.

To Bill and Greg: Excellent and outstanding work by the Camelot staff. The course was in incredible condition and we all appreciated the friendly assistance provided by all. The idea to have a BBQ instead of the box lunch was a huge hit and definitely the way to go going forward if we can do so. Special thanks to Laurie and her helpful team for assisting the volunteers in setting up the post golf event and the professional and attentive service during the delicious dinner.

It was a great day all round and glad to see a nice cheque going to QuickStart because of our collective efforts.

All the best to all

Steve and Suzanne

Hi Greg,

An outstanding day, your team were superb. So many people commented on how well everyone was looked after from the moment they arrived and throughout the day. They said it was so well organized and I agree! Every detail was paid attention to. They loved the course. You could tell they were having a great time. The meals were outstanding, beautifully presented, with excellent service.

Thank you for sorting out the seating. We had a full house! I also wanted to say thanks for sorting out the memory sticks. I know you had to convert the files so we can address that in the debrief.

We've had several people and sponsors say they are in for next year! We also have a couple of companies interested in a title sponsor, so we'll see.

Please extend our sincere thanks to Bill, Laurie and everyone.

The group effort produced amazing results!

It's a pleasure working with you and your team.

Warm regards,

Suzanne
