

Greg,

Yet another great day at Camelot! Your team outdid themselves and exceeded even last year's successes!

Rave reviews about the lunch this year (Thanks Laurie for bbq suggestion!) and the dinner was absolutely spectacular...my teeth ached for a couple of days after that huge wedge of pie for dessert. The meat was so tender! We also had tons of comments about the golden arches on the range and in the bunkers...what a great idea and initiative!

Pulling together the final figures to report to our Board next week and would appreciate it if you could forward the details and invoice asap.

Please pass on our thanks and appreciation to your entire team.

—danny

p.s. had a great time with the young guns you put in my group...wonderful young gentlemen and you should be very proud to count them amongst Team Camelot!
