

Dear Randy,

I write this on behalf of Teresa and the committee. We realize we had set high standards and had expectations that were equally matched.

The assistance we received from everyone at Camelot to make the LMG event a success, was excellent. We are sincerely grateful for the team at Camelot.

Anne-Marie remained on top of every detail from ensuring of the floor plan layouts to making room for our vases in the refrigerator. No matter whether the detail was small or large, it just got done.

Along with Rachel in the office, they managed the entire process of production of all the stationary requirements including photos superbly and always with a positive composure.

Chef George....well he spoiled us one more time that had everyone raving.

The Pro shop staff was just as amazing. Bill and his team had no stone left un-turned for us to follow up on. The special touch of using the curry-yellow paper with the designation of the city on the Indian map for the carts was the icing on top. We enjoyed having all the four men from the Pro shop at the dinner and would be remiss if we didn't mention James' and Dan's spirit on the dance floor, what troupers!

Stuart's surprise of having #1 completed in time for LMG just confirmed to the ladies how much we do matter. ☺

The F&B staff, Missy, Chad, Charlyne, Ryan ....all of them were ever-willing and very helpful on any task that was called upon. What a tremendously hardworking F&B team.

Without Lynn's accounting and follow ups on the payments etc, we would not have been on track as we liked to be. Giving a hand here and there, whenever required was very appreciated.

The golf course and the facilities of Camelot are already beautiful and to have the staff that mirrors this by portraying their diligent work with readiness is truly heartening.

LMG is a tradition-themed event which is a community builder before anything else and to have the team at Camelot come through with solid support is well....OUTSTANDING.

We congratulate all on a job very well done!

Sincere Gratitude,

Tazim
